COVID Safe Solutions

## Versatile. Adaptable. Modular.

We're extending our service offering, specialising in product hire solutions, to you with this tailor-made kit for a safe return to business as *unusual*.

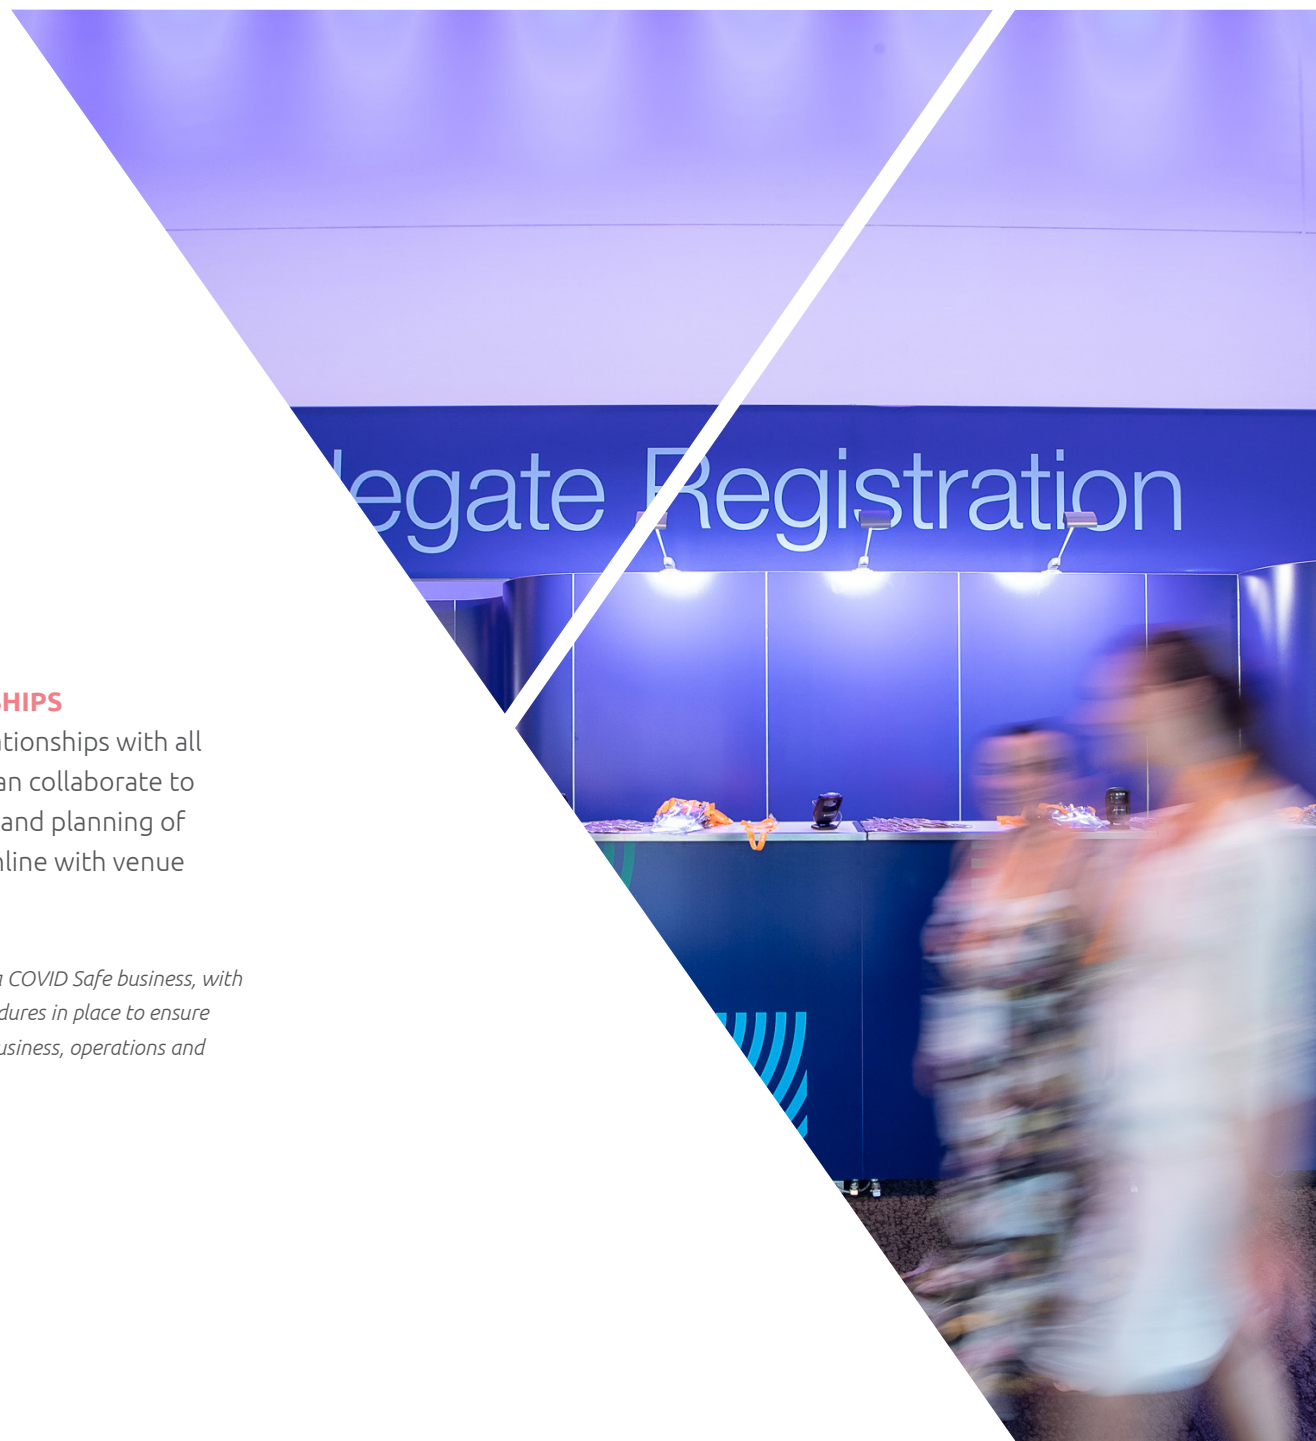

Versatility and adaptability is in our nature, so we've developed a series of solutions, addressing health concerns - with flexibility and modularity at the forefront.

Ready for immediate installation, our offering assists with physical distancing; minimising touch-points; access to appropriate sanitisation; traffic management, greater way finding and signage solutions.

### VENUE PARTNERSHIPS

We have strong relationships with all major venues and can collaborate to ensure the product and planning of your concepts are inline with venue requirements.

*ExpoNet is accredited as a COVID Safe business, with revised policies and procedures in place to ensure the safe function of our business, operations and stakeholders.*

# SIGNAGE SOLUTIONS

Purchase Product Solution

Distinctive and assertive floor applications are key to ensuring the safety of your patrons.

ExpoNet have created a number of standard signage outcomes which can be used as ground applications, or applied to other surfaces.

Signage outcomes shown are able to have the following customised, according to your brand requirements.

- Company logo
- Colour palette
- Font sets
- Iconography

See following page for a full contact sheet of pre-designed options, available for purchase.

# SUPPLEMENTARY SERVICES

Hire Infrastructure

## ELECTRICAL DISTRIBUTION HIRE

Our electrical team have extensive experience in short and long term hire solutions – delivering safe products and service.

We can work with you to install electrical solutions, including but not limited to 4amp, 10amp, 15amp, 20amp and 3phase supply and infrastructure.

Our range of distribution boards, including weather protected solutions, are what we call a cascading plug-n-play system - creating easy connection and removal. This minimises time required to install.

## LIGHTING

We have an extensive array of lighting options, fit for both front of house and back of house (operational) use.

Front of house solutions includes but is not limited to LED downlights, fluorescents, pendants and arm lighting; colour washes and strip lighting.

Back of house areas, where operations is a focus, can benefit from our stronger variety of solutions such as Hi-Bay, floodlights or even additional emergency exit lighting.

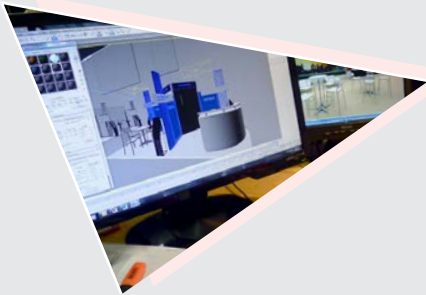

## STAGING & AUDIO VISUAL

Effective communication and display of critical information is important.

To assist, we have a range of screen display options (built-in and stand alone), along with speaker, presenter and staging solutions.

# SUPPLEMENTARY SERVICES

Hire Infrastructure

## DESIGN & SPACIAL PLANNING

If you're not sure on how our products can work within your environment - we offer floorplan, layout and concept recommendations.

Recommendations would be inline with current government health regulations and in respect to your environment.

## SHOPFIT, CARPENTRY & CUSTOM

Our team of Designers and Custom Builders can create concepts custom-made for you and your environment.

As part of our standard service offering, we have a dedicated paint shop and production/fabrication facilities – which can be engaged to create a concept tailored to your specific environment.

Best fit for retail and highly curated spaces, our team are able to design, build, paint, upholster and brand in line with your existing environment.
